

LIFT TRUCKS PARTS PROMOTIONS

# It's all about Maintenance

Q4/2023

## Keep your lift trucks driving

Tires and rims are the essential point of contact between lift trucks and the road.

After another year of full operations, wear and tear might have reached them too.

### HAVE YOUR BACKUP PLAN READY

When time for change comes, why wasting productive time waiting for tires or rims to be delivered and leave your lift trucks out of order?

## Worn tires? Time to change is now

Not just in case of worn tires but also if you'd like to change tire type from pneumatic to solid, radials or tubeless, all these solutions are possible and part of the promotion.

And while you are changing, why don't take the extra step? Let's think about time & cost efficiency and the environment as well for a minute. What would be better: six shipments or just one?

Benefit from ordering the parts needed for the six wheels all at once and reduce costs, time and emissions.

Grab this opportunity and place your order **by the end of the year** and get a relaxed end of year.

### How to order

Send the lift truck's serial number(s) to your Konecranes Lift Trucks distributor to get your offer with a 10% extra discount\* for orders placed within end of December 2023.

\*discount not applied or cumulated with other ongoing offers

## Different kits for different scopes

During these last months of the year you will get an extra discount on each of the following tool kit:

- Central greasing service box (left image)
- E-VER electrical measurement tool kit
- Hydraulic digital pressure gauge
- Hydraulic pressure measurement assortment box
- Hydraulic o-ring assortment box
- Chain wear gauge
- Socket for nut 2000017.01
- Socket for nut KM12
- Lifting eye 8T,
- Accumulator charging assy.

Make sure to place your order(s) **by the end of the year** to benefit from the current promotions.

### How to order

Send the lift truck's serial number(s) to your Konecranes Lift Trucks distributor to get your offer with a 5% extra discount\* for orders placed within end of December 2023.

\*discount not applied or cumulated with other ongoing offers

## Do you have all the service tools you need?

Service and maintenance of a single lift truck or an entire fleet requires qualified personnel, time and the right tools. An accurate evaluation of the actions needed might result in longer parts and equipment lifetime.

We have developed a variety of professional tool kits that can support you in your daily and periodic checkups.

### GOT YOUR ELECTRIC FORLIFT ALREADY?

It's time for you to order the E-VER electrical measurement tool kit to perform service and maintenance operations on your electric truck. It includes Low ohm-meter, probes, volt test and megger tool.

## Time equals money

Using time in the most beneficial way is one of the biggest challenges we are all facing every day.

What if we would have some ready-made options from which you just need to choose from, that let you spare some precious time for something else?

Take your chance and order your kit **by the end of December 2023** with a 5% extra discount.

## Never underestimate filters importance

We have created filter kits already available for you. You'll just need to pick the needed service interval and provide your machine serial number.

Or, you can also choose not to choose!

You will have the chance to buy a unique package including all the 8 filter kits, from zero to 4.000 hours: a perfect solution for a last minute service planning.

Maintaining your lift truck on time and with high quality and genuine filters will keep your downtime at minimum levels, ensuring the vital parts of your machines are always at their top condition.

# Keep your reach stackers going

Konecranes reach stacker spreader service box offers the possibility to facilitate your preventive maintenance planning, stocking up the correct genuine spare parts needed to service your lift truck properly, to reduce downtime as much as possible.

## Spreader service box

Why buying each single item alone when you can get big advantages in buying the complete spreader service box as a whole?

Make sure you stock the correct service boxes to be always ready for maintenance actions whenever needed for your customers.

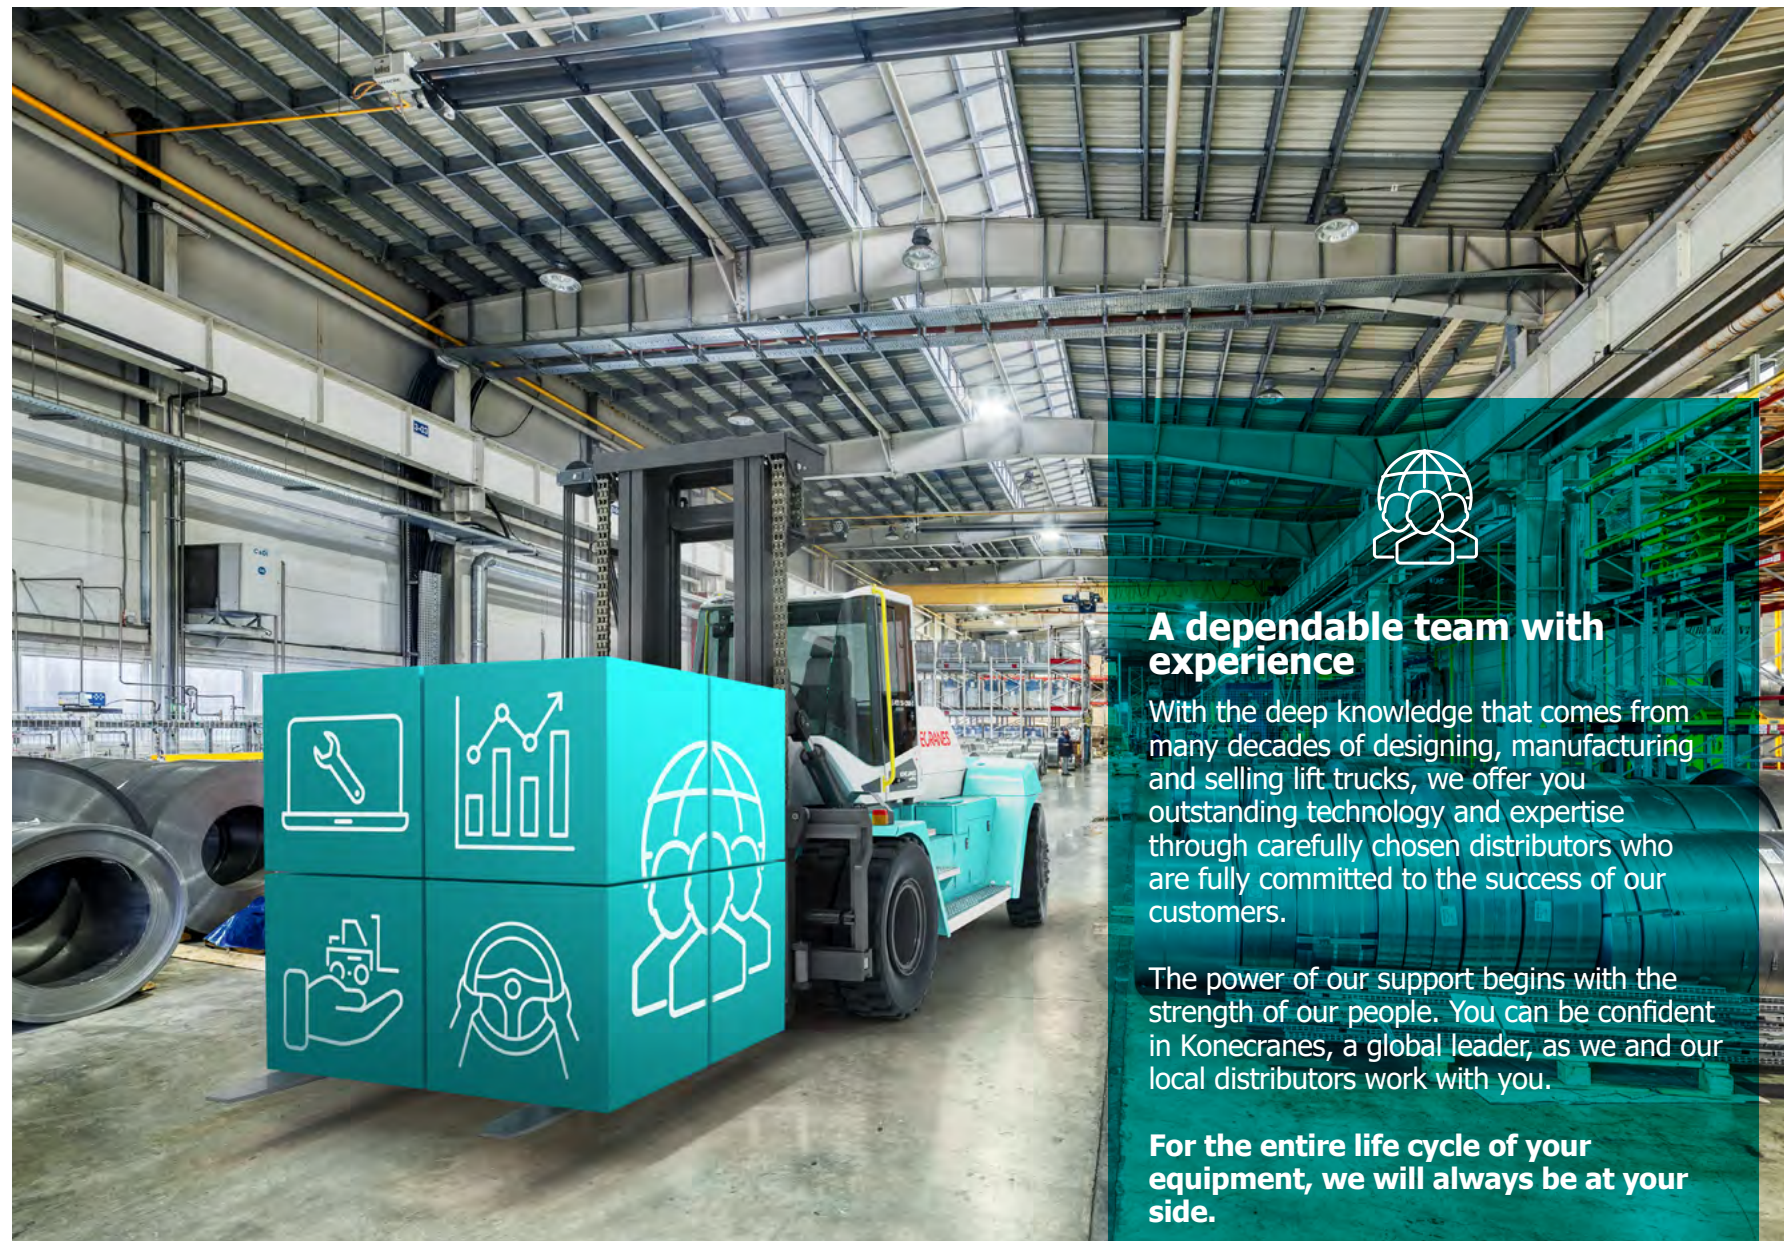

Now and up to the end of the year, you get the chance to do that at a very special price.

Make sure you're not going to waste it! Order the service box **by the end of December 2023** to get it with a 10% extra discount.

# The Lifetime Advantage of choosing Konecranes

It's a better experience.

## A dependable team with experience

With the deep knowledge that comes from many decades of designing, manufacturing and selling lift trucks, we offer you outstanding technology and expertise through carefully chosen distributors who are fully committed to the success of our customers.

The power of our support begins with the strength of our people. You can be confident in Konecranes, a global leader, as we and our local distributors work with you.

**For the entire life cycle of your equipment, we will always be at your side.**

## A smarter maintenance experience

Our Smart Connected Lift Truck resources give you a clear view of your Konecranes machine. See its current status along with its overall performance. Then access simple-to-use tools such as CheckApp and Maintenance Planner to put your insights into action.

Konecranes spare parts are engineered to perform under the most challenging operating environments, and our comprehensive selection of training resources supports lifelong learning.

**A clear view leads to smart maintenance and a lifetime of reliable performance.**

## A cleverer investment experience

Your lift truck fleet is a significant investment. We help you to preserve its value through our upgrade packages, retrofits and sustainability improvements. You get a feeling of "money well spent" with a reliable fleet that gives you a solid return on your investment.

When you partner with Konecranes, you have the security of working with a strong and dependable market leader in the lifting equipment business.

**The longer you stay with us, the better your investment will look.**

## A wiser management experience

Konecranes digital tools help you to better assess the efficiency, cost effectiveness and productivity of your lift truck fleet. Understand how your machines are being used, the driving patterns of your team, and the overall sustainability of your operation.

When you have a detailed understanding of your fleet, you can be more strategic when you allocate capital and plan your operations, and you can better ensure the safety of your team.

**Accurate, up-to-date knowledge means smarter decisions and a lifetime of fleet efficiency.**

## A safer driving experience

Safety is embedded in everything we do. It's the first thing on our minds when designing our lift trucks, when thinking about their maintenance, and when considering your drivers' day-to-day machine handling experience. A safer lift truck is a better lift truck.

As technology evolves, we continue to improve the safety of drivers and nearby personnel with safety upgrades, retrofit solutions and specialized training.

**Lifetime Advantage prioritizes safety in and around Konecranes lift trucks.**
